Hi Kathy -

Nice to hear from you. The SAP/QAPP for Segment 1 is just getting finalized and should be reaching you by next week. We are still working on the schedule for Segments 2 and 3, and should have a proposed schedule to discuss with you by the end of this month, or first week of February as we continue to compile and finalize our design study results. I need to talk with Paul and co. regarding a Completion Report for Segment 1, and will get you a more definitive date. I know there are still some minor demob activities happening for Segment 1 (restoration work), as well as sheen/boom monitoring (which we are finalizing our Working Group review of these reports, too, for submittal).

Please give me a call or email if you have more questions.

Thanks,

Hi Laura;

I just wanted to check in with you on when you thought the following 3

items might be available;

1. Status of Final SAP/QAPP for Segment 1 -;
2. Schedule for Segments 2 and 3; and
3. Draft or Final Completion Report for Segment 1.

Thanks,

Kathy
